

Leisure Pool and Lap Pool Closures:**8/9/2021**

Dear South Davis Recreation Center Members and Patrons,

We wanted to update you on some closures this Fall that will affect access to a few areas of the facility. As you may already know each year, our pool areas close for at least two weeks to work on different pool maintenance items and repairs. This year, the Leisure Pool and Lap Pool are scheduled to undergo extended maintenance projects this Fall.

The Leisure Pool maintenance is scheduled to start the day after Labor Day and tentatively go until the beginning of December. This project will consist of repairing, replacing and painting sections of the roof as well as upgrading the ventilation and mechanical air handling equipment. We are also installing a new indoor pool activity structure to replace our current structure. The large yellow indoor slide will be resurfaced and the stairs repaired.

The Lap Pool maintenance is currently scheduled to start late October and go until early December. This project will consist of upgrades to the airflow and the mechanical air handling equipment.

We understand that these projects will cause interruptions to areas of the facility that are used frequently by our patrons, and we are working hard to make sure that the down time will be as little as possible.

To keep you informed we will be making weekly updates to our website regarding the status of the projects. We are posting an update to our pool schedules in the next few weeks and over the next few months as these projects move forward. We plan to keep the outdoor pool, which is heated, open through September, weather permitting. We are currently planning to extend memberships for 30 days but a final decision will be made as the end of construction nears. Please continue to check our website this fall for the most up to date information, and keep an eye out for alternate events and activities offered over the next few months. Your memberships include use of the Ice Arena and would be a great time to try something new! The rest of the facility will be open and operating as usual, but if there are any other changes to schedules or work affecting other areas of the facility we will post and distribute that information out as soon as we know.

If you have any questions, please feel free to stop by the recreation center and speak to our staff, call us at 801-298-6220, email us info@southdavisrecreation.com, or leave a comment on our website or social media pages.

We appreciate all of our members and patrons and we hope you look forward to these improvements and upgrades that will enhance your experience here at the South Davis Recreation Center.
